

BScN Northern or Global Placement

Application of Interest 2022

Description:

In level 4 of your BScN program, you may apply for a clinical placement in a northern, remote or global health setting. These experiences provide an opportunity for you to apply your learning and enrich your understanding of social determinants of health, contexts of health disparity and care of vulnerable populations.

Submission Steps:

- ✓ Complete Application Profile
- ✓ Complete Atypical Placement Process
 - a. Reference from clinical tutor
 - b. Review academic record: minimum GPA of 8
- ✓ Submit the following documents to bscnad@mcmaster.ca by **May 20, 2022**
 - a. Letter of Interest addressing
 - i. geographic preference and rationale for a Northern or Global placement
 - ii. clinical area of interest, including knowledge of the health system and care needs of the patient population
 - iii. describe your plan to prepare for this experience including: course work, knowledge of the nursing role in this health/geographic context, potential facilitators/barriers for learning
 - b. Current Resume
- ✓ Register for 4H03, either Spring or Fall term, 2022. This course is to be completed prior to attending a Northern or Global placement.
